

### Certification Ceremony Winter Camp under Skills to Livelihood program in Bahalgarh, Sonipat, Haryana

The Prabhat team organised a significant 'Certification Ceremony' on September 15, 2023, held at the Prabhat Livelihood Center in Sonipat. This event was designed to acknowledge and celebrate the remarkable achievements of our dedicated students who had successfully completed their training courses in Data Entry Operator, Accounts Executive and Job Readiness. Notably, we were honoured to have the Factory Manager of Hindustan Unilever Limited (HUL) as our special guest, who graciously agreed to preside over the ceremony and distribute the certificates.

The event saw the participation of students from five separate batches, each specialising in various courses such as Data Entry Operator, Job Readiness, and Accounts Executive programs. The proceedings commenced with a warm welcome by Mrs. Divya Yadav, Project Manager, who introduced the HUL Manager and his accompanying team members. With the stage set, Kamal Pokhriyal, one of our dedicated trainers, skilfully took on the role of the event's host.

The heart of the ceremony lay in the testimonials shared by students who had already secured employment. They candidly recounted their experiences, expressing their gratitude for the invaluable guidance provided by our dedicated instructors and detailing their journey through the placement process. This interactive session served as a wellspring of inspiration for all in attendance.

Following the student interactions, it was the turn of the HUL Manager to address the gathering. In a motivating and heartfelt speech, he extended his warmest congratulations to all the students present. He expressed his delight at witnessing some students confidently share their experiences in English, underlining the importance of language skills in today's competitive job market. He further ignited the students' aspirations, urging them to seek out promising opportunities in esteemed companies and factories, leaving them with renewed determination and ambition.

The Manager also took a moment to extend his gratitude to our exceptional field team. He acknowledged their pivotal role in the successful execution of the training courses, their dedication in facilitating job placements, and their unwavering support to our students in their pursuit of a brighter future. With that, he proceeded to individually present the well-earned certificates to each student, marking a momentous milestone in their journey towards a brighter future.

As the ceremony ended, students were treated to refreshments and had the opportunity to capture cherished moments with their trainers, friends, and the dedicated Prabhat team. These photographs serve as a tangible memento of an event that will forever be etched in their memories, symbolising their achievements and the promising path that lies ahead.
