

Dr Swayamprabha Das at Beyond Bretton Woods 2024

Dr Swayamprabha Das, Lead Policy and Planning, Development Alternatives attended the 1st Conference of the Beyond Bretton Woods at Middlebury College, Vermont from 2-4 May 2024. The conference, organised on the 80th anniversary of the Bretton Woods Conference, witnessed participation from around the world, and focussed on reshaping global financial systems through the lens of the polycrisis, the concurrence of several distressing crisis moments. With a powerful combination of Gen Z creativity and deep-system thought leadership from world-renowned innovators in finance, sustainability, academics, and culture, the conference provided the regenerative fuel to design solutions to existing Bretton Woods institutions and new entities. It also provided a forum for sharing the voices from the Global South on transformations and commitments for an equitable world, based on intergenerational equity.
